

Empathize & Discover - Empathy Map Canvas

Date	29/09/2026
Team ID	SWTID-2026-7994
Project Name	AI StudyBuddy - AI assistant for smarter learning and study support
Maximum Marks	-

User: Rahul, a second-year engineering student balancing semester exams with internship and placement preparation.

SAYS • "I have too much to read and too little time." • "Making revision notes takes forever." • "I don't know how well I've understood this."	THINKS • There must be a faster way to revise • AI could pick out the important concepts • Will my notes and data stay private?
DOES • Switches between notes apps, PDFs and quiz tools • Writes flashcards and questions by hand • Builds revision schedules manually	FEELS • Stressed by exam pressure • Frustrated by repetitive work • Hopeful about a smart study assistant
PAINS • Lengthy, scattered study material • Manual, time-consuming note making • No personalized study plan • No central place for learning resources	GAINS • Instant summaries for faster revision • Auto-made flashcards and quizzes • A plan that fits his time and exam dates • All resources saved in one secure place
